Afternoon!

This is a quick summation of what we discussed earlier today. I have also included some potential targets that were developed during a non-detained project in SNA. Some of these are at large and viable although they may have been forwarded previously. HQ has also sent out a revised target template that I've included.

Overtime

Blanket OT will not be authorized but is available on a case by case basis. All requests for OT will be routing through SDDO (b)(6);(b)(7)(C) for approval to the SNA front office. Requests for OT will need to include the current YTD earnings for the officer from the most recent overtime cap report which are provided to the AFODs on a biweekly basis.

EX...

Officer A is going to be tour changed to work Sunday-Thursday. Sunday operations are forecast to run ~12 hours inclusive of everything. It is requested that 4 hours of OT be provided for Sunday. Officer A will also be needed to maintain a smaller footprint in the office on Friday. It is envisioned that they will need to be present for 5 hours on Friday. A total OT request of 9 hours is needed. Officer A is currently projected to be at 29400 by the end of the FY.

This request will be approved.

Officer B is going to be tour changed to work Sunday-Thursday. Sunday operations are forecast to run ~12 hours inclusive of everything. It is requested that 4 hours of OT be provided for Sunday. Officer B will also be needed to maintain a smaller footprint in the office on Friday. It is envisioned that they will need to be present for 5 hours on Friday. A total OT request of 9 hours is needed. Officer B is currently projected to be at 33900 by the end of the FY.

This request will be denied based on the potential of breaking the congressional cap.

TDY/manpower

?

Given some of the competing priorities that we'll be facing during this time frame, we're not going to be competing for TDY funds. We have additional manpower that may be available through the various facilities in the AOR. Please work locally with them to figure out the best way to get them involved. Please don't hesitate to contact me or (b)(6);(b)(7)(C) if assistance is needed.

If you are going to utilize any outside law enforcement entities to assist in the op I'll need the agency name and potential number of officers they'll be providing by 1100 on 09/01. This includes support from HSI.

Transportation

If utilizing our contract transportation staff will be beneficial please let me know what your needs are and we'll see if it can be done, pending availability of funds. If we can do it we certainly will!

I need this NLT noon than 08/31.

Continuity of Operations

?

As indicated by the FOD we'll need to include this in our op plan. Where are we going to go if your processing/detention facility is unavailable do to protests, etc. I'll also need the name, address and telephone number of the hospitals that are listed on your FOW's for inclusion in the op plan.

I need this NLT noon than 08/31.

OCC Support

DCC (b)(6);(b)(7)(C) will be the main poc for OCC. His office number is 210.979. (b)(6); and his cell is 210.516. (b)(6);

4th Amendment training

We have asked OCC to prepare to run another class the week prior to the op for anyone who still needs to attend it prior to participating in the op.

I'll need to know who needs to attend this training NLT 09/07.

Target lists

I'll need completed target lists NLT than COB 09/11 so I can compile and send to HQ.

Stats

I'll send the arrest sheets I discussed either tomorrow or Friday 09/07 and add to these we'll need the usual egregious write up

from each team daily.

Thanks!
